4. IMPACT OF COVID-19

The World Health Organization declared the Novel Corona virus disease (COVID-19) a global pandemic on 11th March, 2020. To prevent the rapid rise of infections, governments of almost all countries severely restricted travel, mandated extreme 'social distancing' measures and reduced demand supply chains to only those that are 'essential'.

While the COVID-19 pandemic shook the world, we have navigated through the uncertain times with focus on safety and well-being of everyone yet ensuring business continuity.

Going forward, the potential impact of COVID 19 to our results will depend to a large extent on future developments regarding COVID-19 that cannot be accurately predicted at this time, including the duration and severity of the pandemic, the extent and effectiveness of containment actions and the impact of these and other factors on the economy.

In the last month of FY 2021 the COVID-19 pandemic second waves developed rapidly into a global crisis, forcing governments to enforce lock-downs of all economic activity. For the Company, the focus immediately shifted to ensuring the health and well-being of all employees. The revenue of the Company has impacted. Considering the fact that the situation is exceptional and is changing dynamically, the Company is not in a position to gauge with certainty, the future impact on its operations.
